Definition of a Spiritualist Healer

A Spiritualist Healer is one who, acts as a channel to convey God's healing energies to others, whether for physical, emotional, mental or spiritual healing. This occurs through the "laying on of hands" or through absentee healing.

How Does Spiritual Healing Work?

Spiritual Healing is recognized by many sacred texts, including New Testament scriptures, and is a tenet of ancient and modern religions. A Spiritual Healer possesses a gift, or talent, for passing healing energy from spiritual forces to recipients. This energy helps to bring about relief, cure and healing of both mental and physical conditions.

The primary manner of conducting spiritual healing is through the laying on of hands. Absentee Healing is also an important means of healing.

In bringing about the healing, spirit beings combine their own healing forces with the magnetism and vitalizing energy of the healing medium. This energy is conveyed to the recipient through laying on of hands, or absentee healing, and is absorbed by the recipient. Absentee healing works even if the individual does not know healing is being sent.

Belief in the body's ability to generate its own healing energy is important in bringing about healing. Thought is the basis of all actions. Our thoughts have an impact on every cell, for either health or disease. Anger, fear, hatred, jealousy, and despair depress vital energy. Faith, hope, happiness and kindness stimulate essential life forces and promote healing.

Guidelines for Receiving Spiritual Healing

Spiritual Healing is a complementary therapy, not an alternative therapy.

Strengthen your innate healing ability by sitting regularly in meditation and by practicing a healthy lifestyle.

Thought is powerful! Think good thoughts, visualize recovery, and maintain an attitude of hope and cheerfulness.

Practice affirmations and daily say the NSAC Healing Prayer.

When sitting for healing, place your feet flat on the floor and your hands lying open on your lap. This creates a positive flow of energy.

Never give up medication or stop taking your health professional's advice. If you have not yet seen a licensed healing professional, please proceed to do so.

Spiritual healers do not make a medical diagnosis or provide psychological counseling unless specifically licensed to do so.

Spiritual healers do not recommend drugs or a specific type of treatment, manipulate the recipient's body, or use/sell any product, including herbs or crystals, in giving a healing.

Remember, you are sitting for a healing, not a clairvoyant reading. Meditate on your healing for 72 hours before discussing it with others for best results.
